The HERALD OF FREEDOM is no ephemeral affair, and its polities have never been equivocal. Though partisans have labored to place it in a false position, and charged it with being mercenary and subsidized, yet it has always been the firm, unyielding friend of freedom, and too devoted to the prosperity of that cause to resort to subterfage, calumny, or vituperation in its defense. Its circulation, although somewhat abridged in consequence of the stringency of the times, is far larger than any other published in the Territory, and is now rapidly increasing.

We purpose at an early day to give it a new dress, to materially improve its form and genera appearance, add a literary department, and make it all its most zealous friends can desire. without abridging, however, one particle of its truthfulness or fearless independence,

The HERALD OF FREEDOM has been violently opposed because its motives were not fully understood. The people of Kansas robbed of their liberties by an investor of their formulation of their formulati liberties by an invasion of their franchises in the autumn of 1854, and for a long time stripped of every political right, it was but natural that they should be extremely sensitive of every movement which they did not fully comprehend, and particularly jealous of the guardians of public interests who had control of the press. We cheerfully excuse them for whatever hard things they have said of us.

We were first denounced for sustaining the ad tration of Gov. GEARY. When he abandoned the Territors every Free State man among us sustain him. We feel proud that we did so.

When Secretary STANTON came here we ex-

We advocated the getting possession of the Territorial government by competing with the Pro-slavery men for the offices, When we proposed this on the 4th of July, 1837, we were threatened with annihilation, but the policy MASSACHUSETTS STREET, LAWRENCE. provailed, and the Territorial government is now wielded almost wholly by Republicans as a consequence of that line of policy.

The Pro-slavery party had laid a trap for our perpetual enslavement, in the guise of the Le-compton Constitution. They surrounded it with such features that they thought Free State men would keep wholly aloof from it. With strong would keep wholly aloof from it. With strong backing from the federal administration and their friends at the south, they saw that if they could only get possession of the offices under it, thoir struggle for years would be accomplished, and Kansas would be a slave State in carnest. We saw and felt this and as carly as July of '57, advised the election of all the offices under that Constitution in cases a constitution in case a constitution in Constitution, in case an opportunity was denied

the measure. It triumphed, and to-day Kansas is free, whereas by a different line of policy Kansas would have been a slave State long since, and the institution would have received such strength from the movement that the seourge would have been fastened upon all the Territory west of us, as well as upon Nebraska.

One of the first to become identified with the Free State organization, we were unwilling to surrender it for any other party until Kansas was a State in the Union. We fought as long as we could to perpetuate that party, and only surrendered when completely borne down by overwhelming numbers. Though violently opposed for trying to keep up that organization, yet we feel proud that we were not the one to sell out.

JOSEPH ELKINGTON, M. D.

[From Hon. J. W. Harcourt.] feel proud that we were not the one to sell out, nor desert the party while a corpo, al's guard remained to defend its "blood-stained banner."

Throughout our entire connection with Kansas affairs we have sought only for peace. Instead of laboring to embroil Kansas with the people of Missouri, we opposed it from the first, and advised the practice of the Christian virtues towards them. When they invaded the Territory, wrested from us our franchises, and sought the an nihilation of every Pres State settler, we opposed them, and resolved to resist them to the death if need be. We always talked about acting on the DEFENSIVE-never on the aggressiss. As soon as they withdrew their armies, and invaders, we were ready to resume amicable relations with them, and had no notion of holding all Mis- truly, souri responsible for the murders and villains of some of the basest of her population who attempted to harass our people on the south-east-ern border; neither were we in favor of getting up a civil broil, or a servile insurrection merely to gratify the caprice of Old John Brown, John E. Cook, Richard Realf, J. H. Kagi, and their endorsers, aiders and abettors, who are still so numerous in Kansas, and who acted and sympathized with these men while here, of whom we might mention a large number were we

If we have opposed men for office whom others supported it was because we felt the best interests of the country and of Kansas demanded it. We have cought nothing for ourself; have entered into no combinations by which we have exchanged the support of our friends, (of which we have always had some.) for the support of others. We have labored to keep wholly independent of

We have labored to keep wholly independent of all parties and cliques, because we felt that our influence in behalf of the cause which brought us here would be advanced by it.

Now is the time of all others to subscribe forthe Herald of Farreson. Winter, with its long evenings, is at hand, and the news, both from Kansas and abroad, will possess unusual interest during the next six months. Congress and our Territorial Legislature are about to convene.—The former will be called to set upon our petition for admission as a State into the Union, upon Land Grants to Kansas, and payment of our Claim debt. Our Territorial Legislature will have a large amount of business to transact of absorbing interest. The Herald of Farrenow will keep an eye upon those bodies, and give whatever of intorest transpires in either of them. Through its columns the most important laws, as passed, will probably first begiven to the public. Though its sympathies and feelings are all with the Republican party, and it will give its entire, unreserved support to the Republican nominees of the National Republican Convention, yet it will not prevariente in the least to

nominoes of the National Republican Convention, yet it will not provarieate in the least to gain the support of any party.

Standing, as we do, above and independent of party dictation, we have no favors to ask from it. No contributions are made for our support from National, Territorial, or State Central Committees, by which we are enabled to furnish subscribers with the paper at the cost of the material on which it is printed. No columns of Government patronage, which pays double home rates, or even half rates, are furnished us. No fut jobs keep our paper alive. On the contrary, the HERALD OF FREEDOM is sustained by the UNSOUGHT FREEDOM is sustained by the UNSOUGHT FREEDOM; is sustained by the UNSOUGHT FREEDOM; has convened the effort, and it is universally conceded that the HERALD OF FREEDOM has done more than any other journal, or single instrumentality, towards bringing about With all the control of the control

the above announcement.

To the many kind friends who have aided in extending the circulation of our paper during the last few years, we take this occasion to return our hearty thanks. We hope each and all of them will make a see effort now, as times are very close with us, and it is extremely difficult to keep our business moving, but with that energy which has carried us through the past, we have confidence to believe we shall triumph in the future.

THE GREAT KANSAS REMEDY

Read what the Editor of the Neosho Valley Register says of the great remed:

"Woodward & Firley's Ague Pills.—Not long since, the proprietors of this medicine presented us with a bottle of the preparation, and within three days after, we were shaking with the ague! Whether this medicine was an agent in producing this state of thing, we know not; but if so, like the homeopathic principle—a producer of disease being likewise a remedy for the same—these Pills astisfactorily took the shakes out of the uncerviable old 'Shako' that shook us. We believe these Pills are an effective remedy for the disease they claim to cure, and we recommend them to the public."

FEVER AND AGUE! FOREMOST among the various remedies for this disease stands DR. SHALLENBERGER'S ANTIDOTE.

A few doses will cure any ordinary case, and ONE DOSE invariably stops the chills. It contains nothing in the least degree hurtful to THE SYSTEM UNDER ANY CIECUMSTANCES, and never produces the unpleasant effects that attend the use of quinine and other agents in general use. It cures every form of the disease, and is the original and ONLY ANTIDOTE FOR MALARIA. Ask for Dr. Shallenberger's Fever and Ague Antidote, and be sure you get PILLS. Read the following testimony:

GEO, W. GOODRICH, E.G., Attorner and Gen-ral Land Agent, now of Granby, Newton county, to, but at that time a resident of Neosho Val-ey, K. T., writes as follows:
"I am more than ever of the opinion that no ther one medicine so completely meets the wants of cur people as your nils. Last fall in this Tam more than ever of the opinion that no other one medicine so completely meets the wants of our people as your pills. Last fall, in this region, but one person in my knowledge escaped the Ague. Many had it all through the winter, and continued to have it this spring. I sold eight bottles, all for the treatment of these almost eight bottles, all for the treatment of these almost chronic cases, and, it has given in every case the most perfect satisfaction; and I believe the first dose has in every instance stopped the disease.—
Of these eight cases, permit me to give you the facts with regard to two of them: The first was that of a girl of fifteen years, who had the Ague badly all last fall—had remittent fever and dumb agus nearly all winter; and to this was superadded monthly irregularity. Knowing this, I hardly rentured to resummed the pills of would in ordinary cases, but to my great aston. would in ordinary cases, but to my great aston-ishment and gratification the first dose stopped the fever, (remittent) and I supposed the other difficulty has also been removed, as the roses on her before faded cheeks seem to indicate fine health, which otherwise would hardly be the

case.

The othercase is that of a young man living in the same family. He had the Fever and Ague badly, all last fall and winter—so he informs me; the first dose of the pills stopped it, and he has not lost an hour from his work since he bogan to take it. He has been splitting rails, hauling them out, and building fence ever since, and makes a first-rate hand at this laborious business. He now says that ten dollars would be a small price for the benefit he has received:

April 25th, 1825. GEO. W. GOODRICH.

We consider the prospect for the sale of your medicine here very flattering, and we shall, doubtless, be able to dispose of much larger quantity the coming season. We have not heard of a single case of fishure. In fact, it has nearly thrown out of market every other preparation for the cure of Fever and Ague.
